BULLETIN
of the Psychonomic Society

Clifford T. Morgan, *Editor*
Ann L. Sanford, *Managing Editor*

Volume 5
1975

Published monthly by
THE PSYCHONOMIC SOCIETY, Inc.
1108 West 34th Street, Austin, Texas 78705

Bulletin of the Psychonomic Society
1975, Vol. 5(6), iii-viii

CONTENTS OF VOLUME 5

Current Literature . 89, 185, 267, 350, 393, 510
Adesso, V. J. See Paulsen, K.
Agnew, R. L. See Shapiro, L. J.
Asso, D., Magdi, S., & Wyke, M. A. **Perception and memory of orientation forms by young readers** 365
Barnwell, G. M., & Stafford, F. S. **Mathematical model for decision-making neural circuits controlling food intake** 473
Barowsky, E. I., & Mintz, D. E. **The effects of time-out locus during fixed-ratio reinforcement** 137
Barta, S. G., Kemble, E. D., & Klinger, E. **Abolition of cyclic activity changes following amygdaloid lesions in rats** 236
Becker, L. A. See Harkins, S.
Bell, H. H. See Haygood, R. C.
Bellingham, W. P., Storlien, L. H., & Stebulis, R. J. **Discrimination learning in the T-maze based on the secondary reinforcing effects of shock termination** 327
Bennink, C. **The effects of stimulus context on the time required for choosing the larger or the smaller of two digits** 18
Berkowitz, S. See Lordahl, D. S.
Bird, J. E. **Changes in picture recognition memory over time using an exclusion set paradigm** . . . 433
Black, H. K. **Sematic differential ratings of impoverished stimuli: A replication** 81
Blaes, P. See Brown, G. E.
Blaz, M., & Williams, J. R. **Transposition with auditory stimuli following successive discrimination training** 409
Bogart, E. H. **Bimanual response symmetry as an indicator of speech dysfunction** 483
Bond, N., & Harland, W. **Effect of amount of solution drunk on taste-aversion learning** 219
Brandeis, R., & Lubow, R. E. **Conditioning without awareness—again** 36
Brelsford, J. W. See Ciccone, D. S.
Brown, A. S. See Underwood, B. J.
Brown, A. See Overcast, T.
Brown, G. E., Guthrie, R., & Blaes, P. **Fear conditioning and extinction as a function of escape from black to white vs. escape from white to black** 450
Brownstein, A. J. See Shull, R. L.
Brush, M. E., & Schaeffer, R. W. **Schedule-induced and metabolic polydipsia** 132
Bryant, B. See Dember, W. N.
Burns, D. J., & Powers, R. B. **Choice and self-control in children A test of Rachlin's model** 156
Burton, J.-A. See Davis, H.
Buschke, H. **Retrieval of categorized items increases without guessing** 71
Butler, M. C. See Yaremko, R. M.
Byrum, C. See Howard, R. B.
Cantor, J. H. See Lindsley, D. T.
Capaldi, E. J., & Freese, M. R. **Alley section effects of magnitude of partial reward after expensive acquisition training** 294
Carboni, N. L. See McCormack, P. D.
Carter, T. See Chiszar, D.
Caterino, L. C. See Kulhavy, R. W.
Cavallero, G. See Shanab, M. E.
Chambers, J. See Dember, W. N.
Chambers, J. See Dember, W. N.
Chiszar, D., & Carter, T. **Reliability of individual differences between garter snakes (*Thamnophis radix*) during repeated exposures to an open field** 507
Christiaansen, R. E. See Dooling, D. J.
Christian, W. P. **Interactive effects of interpellet interval and pellet composition on schedule-induced licking and drinking behavior** 122
Christian, W. P., & Schaeffer, R. W. **Motivational properties of fixed-interval reinforcement: A preliminary investigation** 145
Christy, D., & Ried, L. **Methods of deconditioning persisting avoidance: Amphetamine and amobarbital as adjuncts to response prevention** 175
Ciccone, D. S., Brelsford, J. W., & Tullis, T. **The effects of stimulus variability on response latency in a continuous recognition task** 456
Clark, G. M. See Meyers, L. S.
Cofer, C. N. See Horton, D. L.
Cohen, J., & Friden, T. P. **The Euclidean nature of color space** 159
Cole, S. O. **Attenuation of the effects of amphetamine on the activity of rats following amygdala lesions** 447
Colletta, S. P. See McCormack, P. D.
Corcoran, C. R. See Suedfeld, P.
Coren, S., & Porac, C. **The myth of the normal eye: A methodological note** 504
Creighton, T. D., & Tees, R. C. **The effects of early visual deprivation on attentional processes in the rat** 504
Criswell, H. E., & Levitt, R. A. **Adrenergic effects on hypothalamic activity: Alpha and beta agonists and antagonists** 495
Criswell, H. E., & Levitt, R. A. **Amphetamine: Effects of central or systemic injection on hypothalamic activity** 492
Czerwinski, A. S., & Rodwan, A. S. **Effect of error-contingent timeout on spaced responding**

in rats 342
